

**基本資料**

主題名稱 Tamper Proof Label 規格說明

**Tamper Proof Label 規格說明**

Our RFID Tamper Proof Label is specially designed for tagging directly to a substrate, such as Glass. Any attempt to peel off the label will destroy the copper antenna and break the chip-antenna connection.

**Application**

1. Ant-counterfeit
2. Asset Tracking
3. Toll Collection
4. Security / Access Control

**Tamper Proof Label 規格表**

項目	規格		
Dimension	L 52 × W 52 × T 0.65 mm L 40 × W 35 × T 0.65 mm		
Available Technology	Maifare 1K/4K/DESFire EV1(4K/8K),I.CODE SLI,LEGIC MIM256/1024 etc.		
Operating Frequency	13.56 MHz		
Reading Range	Depending on the reader design		
Material	• High Vicat PETG		
Operating Temperature	-25 to 50 °C		
Storage Temperature	-25 to 80 °C		
Standard Color	Label		
Approx. Weight	1.5g		
RoHS.	Compliant		
Packing	2000 pcs(100 pcs/box,20boxes/carton)		
Option	ID Numbering	Printing	Custom Size
	• Laser Engraving	• Offset • Silk Screen	• Available
